

Application for Membership

This Application for Membership is subject to approval by The Green Grid Board of Directors. By executing the Membership Application and Membership Agreement and submitting payment for membership dues, the Applicant accepts Membership in The Green Grid Association in accordance with The Green Grid Membership Agreement and Bylaws.

The Green Grid Mission

The Green Grid is a global consortium dedicated to advancing energy efficiency in data centers and business computing ecosystems.

In furtherance of its mission, The Green Grid is focused on:

- Defining meaningful, user-centric models and metrics
 - Developing standards, measurement methods, processes and new technologies to improve data center performance against the defined metrics
 - Promoting the adoption of energy efficient standards, processes, measurements and technologies.
-

The Green Grid Membership

Why Join The Green Grid? Get Connected to Efficient IT.

Membership in The Green Grid is your key to participating with fellow industry stakeholders in the quest to improve overall data center energy efficiencies. The organization's working focus on research, standards writing, published studies and continuing education needs your input. By joining The Green Grid, you'll help influence both developers and end users of data center technology. There are three ways to join: as an Associate Member, a General Member or as a Contributor Member. Which level of membership is right for you will depend on how much influence your company wants to have in driving the mission of the organization.

Benefits of Membership

All members of The Green Grid are eligible for the following benefits:

- Attending and participating in all General Meetings of The Green Grid
- Entering the members-only Web site with exclusive, early access to documents before they are published
- Accessing support documentation and materials concerning The Green Grid specifications, test suites and IP licensing
- Participating in The Green Grid's global expansion initiatives, including new membership programs in Europe and Asia
- Attending and participating in members-only webcasts during which The Green Grid Technical Committee representatives preview and discuss technical documentation, such as white papers and market studies, roadmaps and more
- Including your company name in the members list on The Green Grid Web site and in other promotional materials
- Promoting membership with exclusive use of The Green Grid logo, the Tradeshow in a Box program and select media relations activities

In addition to the benefits listed above, General and Contributor Members are eligible for the following benefit:

- Reviewing and commenting on specifications and guidelines prior to adoption by The Green Grid

Contributor Members are also eligible for the following benefits:

- Participating in any committee or working group, with the option to serve in an elected chair or vice chair role
- Voting rights in the Technical Committee, Liaison Committee, Communications Committee and/or associated working groups
- Participating in the development and creation of technical proposals and specifications
- Receiving a potential invitation from the Board of Directors to serve on the end user Advisory Council

For more information please read the bylaws at: http://www.thegreengrid.org/join/member_documents/

Membership Levels

- Associate Membership — annual dues: \$950 (only government and academic organizations may apply for this Membership level)
- General Membership — annual dues: \$5,000
- Contributor Membership — annual dues: \$25,000

Affiliate Policy

A member and its Affiliates shall be deemed one member. An Affiliate is defined as any legal entity that directly or indirectly controls another entity via beneficial ownership of more than 50% of voting power or equity in another entity. If you have any questions, please contact TGG Administration at admin@lists.thegreengrid.org or 503-619-0653.
